## **II The Handbook of Phonological Theory - ResearchGate**

Over the course of the development of phonological theory, the differences between the roles played by two or three basic levels in the phonology have always been central

### **The Routledge Handbook of Phonological Theory**

The first manuscripts on Optimality Theory (henceforth OT; Prince & Smolensky 1993/2004) were circulated in the early nineties, which is roughly a quarter of a century ago. For a theory, this is a long time, plenty of opportunity to develop, fracture, disintegrate or disappear into insignificance. As a quick look into the major journals of
